

# THE LARIAT

## Say a BIG HOWDY to the committee!!!

At this years AGM the members voted and the faces above are "your voice" at our beloved club. They are here to make your club bigger and better than ever.

### WHATS THAT CALL? (BY CHEYENNE JACK)

10-10-6+

Pistols and rifle are shot clean, the shooter moves to the shotgun position.

(Knockdown all 6 shotgun targets, any order.)

For whatever reason, one of the targets is down. The R.O. reminds the shooter to "shoot where it was".

The shooter fires 6 times, all targets are down.

The shooter did not fire "where it was"... he either fired to the left of the target, the right of the target or down the other end of the targets.

### WHATS YOUR CALL???

(ANSWER WILL BE POSTED IN THE NEXT EDITION)

### A MESSAGE FROM THE PRESIDENT!

Hi all,

Its been too long between shoots for my liking with covid and all. I'm sure you are all missing the club as much as I am.

Earlier in the year we had the black powder shoot which was amazingly successful and fun for all that attended. The forecast was clear but we made sure to make it cloudy at Little River

Later in the year we hope to run our Rawhide 3 day shoot and are well placed to execute a day to remember (Covid permitting) make sure to keep your calendar free

Looking forward to seeing you at the range ASAP

STAY SAFE AND HEALTHY

DIABLO

# **CAPTAIN'S CORNER (or SAMBUCCA'S SPEAK)**

Howdy all,

Well, it's been a while since the last edition and I'm pleased to say the Lariat is back. COVID has made things difficult, to say the least, but we have coped and put together as many shoots as possible – thank you for your co-operation and understanding.

## **SHOOTERS HANDBOOK:**

The Handbook was updated in January and, as I've previously mentioned, holds a stack of useful information regarding our Discipline and can be easily accessed via the SASS Website [www.sassnet.com](http://www.sassnet.com) and going to Handbooks. There is comprehensive coverage on the Rules, Categories etc. and it is well worth your time to refresh your memory on a regular basis. The RO1 and RO11 Handbooks are also available through this site and with the need to undertake Refresher Courses in the near future worth a read.

## **WILD BUNCH:**

After 3+ years this new event has been approved as an extension of One Match – Match 52. There are many similarities to our current monthly competition and it is programmed for the 4<sup>th</sup> Sunday of the month.

Full details of the Wild Bunch can be found on the SASS Website [www.sassnet.com](http://www.sassnet.com). Basically, we replace our two Revolvers with a .45 ACP Handgun and your Rifle must be .40 calibre or larger. The course of fire is somewhat similar but emphasis is on the handgun so more targets and further away. Usually Handgun round count is 28 (4 x 7rd Magazines). The best way to see this is come down on the 4<sup>th</sup> Sunday and have a look.

## **WALKER'S CREEK:**

Our annual Black Powder shoot over 2 days was held on 10 and 11 of July and good fun was had by all. The overall event was won by our own Kid Kody and 8 out the top 10 were LRR's. Full results are available on our website. At this stage we will hold the event on the 2<sup>nd</sup> weekend in July 2022 so put it in your diary now.

## **RAWHIDE:**

Yes, it's coming around again in November so put the 19, 20 and 21 in your diary now and be ready for a great weekend of shooting. Entry form will be out soon.

## **STATE CHAMPIONSHIPS 2022:**

We are hosting this event next year on 11, 12, 13 & 14 of March 2022 (the Labour Day weekend). This is a full weekend of shooting and will include 12 Stages of Single Action, 4 Stages of Wild Bunch as well as Long Range events and R.O. Courses. Put this in your diary as a must.

Theme. If you have a favourite Western that you would like to see used as a Theme please let know as soon as possible for consideration – email [bcooper44@bigpond.com](mailto:bcooper44@bigpond.com)

## **IMPORTANT ISSUES:**

## **RANGE OFFICER COURSES:**

As you are aware we do now need to undertake a Refresher Course every 2 years. We still have a few that still need to do these Refreshers and I will advise date very soon.

## **ATTENDANCES:**

Don't forget that it is your responsibility to ensure that you have the required number of attendances in the calendar year to meet LRD's requirements. The Secretary maintains these records based on you completing the Club's Sign In sheets, but does not always know what away from home shoots you have undertaken. Keep your own records up to date but also let the Secretary know of your away shoots on the appropriate form.

# Walkers Creek Black Powder Shoot

When the smoke settles, we recap a 2 day shoot to be remembered.

Let the photos do the talking!!!

## HAVE YOU HEARD THE NEWS?

We are trialing a new scoring system called Practiscore, and so far it has been incredibly successful. The system is super easy to use and will integrate with our new timers.

THAT IS CORRECT, **NEW TIMERS!!!**

look out for the new tablets and timers and make sure you have plenty of questions for us when you're next at the range.
