

From SSAA National Head Office

SSAA National COVID19 Policy

After consultation with the National Discipline Chairmen, who attended the meeting, the following COVID19 Policy was agreed.

SSAA National COVID19 Cancellation Policy for SSAA National Championships

If any State is in lockdown, then a SSAA National Event will not be classified as a National Championship – Subject to Pre-Nomination Policy

PROCESS

Pre-nominations from Competitors close 2 weeks prior to the event or event practice day.

If a State or Territory is closed due to a COVID19 event and nominations have been received from that State affected State the event will **NOT** be considered a National Championship.

If a State or Territory is closed due to a COVID19 event and no pre-nominations have been received from the affected State by the close date (2 weeks) the event will be considered a National Championship.

The above policy will remain in place and apply to all scheduled SSAA National Championships till further notice.

If the event is **NOT** considered a National Championship the event may still be held and may be re-named “(Discipline Name) 2022 Championship” and will be considered a “registered match”.

National Medals

When an event is **NOT** considered a National Championships, National Medals will **NOT** be presented.
